

A night photograph of a lighthouse on a grassy hill. The lighthouse is illuminated from within, casting a warm glow. The sky is dark and filled with stars, with the Milky Way galaxy visible as a bright, hazy band of light stretching across the upper portion of the frame. The foreground shows a path leading up to the lighthouse, and the overall scene is serene and atmospheric.

Astrofotografering og natlandskaber

Aftenens program:

- Min passion for astrofoto
- Udstyr og kameraindstillinger.
- Astrofotografering - teknikker og hvordan kommer du igang.
- Planlægning.
- Lysforurening.
- Pause.
- Behandling og redigering.
- Afslutning og spørgsmål.
